

Found Steel shaft $1\frac{1}{4}$ " x 20 "
 long with Iron ring around top. Some
 small stones around shaft.
 Right where we set mon.

Set man over $1-2\frac{1}{8}$ " tile
 standing on end with the shaft
 driven down through the center of
 the tile. Top mon. $1\frac{1}{2}$ " under
 surface. Put a granite rock $9'-8'-6"$
 on top mon.
