

Searched on all sides of corner post to fences N.E.S. and S.W. Re-established corner on local evidence and statement of present owner of land on west that stone and tile were removed some years ago in digging hole for corner post. Found 13" x 12" x 5" sandstone used for dead-man when fence was built and some pieces of 2" tile where it had been destroyed.

Set man over 2" A tile standing on end. Stone on top man, sticking above surface on west side of hedge cor. post.
